WHO WE ARE
And who we can be to you

Tustin Hearing Center was established more than 28 years ago. Our Doctors of Audiology are licensed medical professionals with more than 50 years of combined experience. Each professional has high-level training in the prevention, identification, assessment, and treatment of hearing loss. They are dedicated to staying up to date with the latest medical and technological advancements, and they are committed to offering the most current and effective options from the top manufacturers in the hearing aid industry. At Tustin Hearing Center, we focus on building relationships with our patients, and we take pride in our personalized approach to your unique hearing experiences and comprehensive follow-up care. Let us support you through your journey to better hearing.
